Most of us choose lip balm to moisturize our lips. But what if you could find a lipstick that was just as creamy and healing as lip balm, evens-out skin tone, gives pops of colors and is safe to ingest?

A'del has the answer. Worry-free color that protects and nourishes lips!

And the tube is biodegradable paperboard so you can feel good about minimal waste.

Game Changer

I have been making switches in my life for more natural products and A'del has been the ticket in the realm of makeup. My average makeup use is more minimal so I didn't use lipstick daily. I always saw lipstick as a sacrifice for my lips to be peeling and getting chapped later on. Then I learned that the products I was using were damaging my skin and my body was reacting negatively to send off red flags. I made my first purchase here and received samples of the lipstick and I was amazed at how moisturizing a lipstick could be! I used up my "Nude" shade sample so I bought my first tube. When it arrived the twisting mechanism was defective so I emailed A'del and a nice woman named Madeline was quick to respond and send a replacement. I am so glad to have found such an all around excellent company and will only be using these products!

Great lipstick!

I love the color and staying power of this lipstick! I ordered the "Barely There" shade and it's a lovely neutral color. I also love that it has so few ingredients! Great non-toxic option. I haven't had the problems with the packaging that others described.

Bought my first A'del Lipstick in the shade "Town Square". As their description says, it's a subdued red, on the warmer side, doesn't fade to a pinkish hue. Quiet natural in color. Keeps my lips moisturized, which is the first thing I noticed. Seems to last just as long as non natural lipsticks. I'm very happy with this lipstick and can't wait to buy more! ❤️

Best clean lipstick ever!!

I ordered Cherry Pop and Barely There and they are sooo pretty and very nicely pigmented! Out of all of the lipsticks I checked from other clean brands, I still haven't found one that didn't have dyes in them, so I'm so pleased I found these. Also, the packaging is biodegradable and so cute! They stay a couple of hours before you have to reapply but I don't mind it at all. I'm so happy with my purchase and will certainly order more!!
